

‘Wakey Wakey’
by Yvette Nemeth

“*Wakey Wakey* is an ongoing series of work that aims to critique patriarchal narratives that have villainized women, through the demonization of female sexuality and the perpetuation of rape culture. This work uses photography and jewellery making to explore the relationship between the natural and the artifice. By reclaiming these narratives and creating modern adaptations of these mythological figures; the artist empowers narratives that have been used to villainize the female body.”
